Writing

- ⇒ **3rd:** Students will be writing a narrative to develop real or imagined events using descriptive details, and dialogue between characters.
- ⇒ **4th:** Students will be writing a narrative story to develop real or imagined events using descriptive details, and dialogue between characters.

Reading

- ⇒ **3rd:** Students will be reading different informational text stories, and answering questions that go along with the story. Then they will be writing about events in the stories. They will also do the same with some nonfiction stories.
- ⇒ **4th:** Students will be reading different informational text stories, and answering questions that go along with the story. Then they will be writing about events in the stories. They will also do the same with some nonfiction stories.

Social Studies

- ⇒ **3rd:** Students will be learning about making and selling products, how business works, free enterprise, and the world marketplace.
- ⇒ **4th:** Students are reading about the Gold Rush in Idaho and Idaho's first pioneers.

Science

- ⇒ **3rd:** Students are continuing to study landforms. On Thursday, students will be creating a landscape relief model. Each student needs to bring some salt/craft dough from home to create their model. The children will be painting their models so recipes that require vegetable oil should be avoided. There are many good recipes online or in family cookbooks.
- ⇒ **4th:** Fourth graders will be studying minerals and crystals. We will be growing crystals in the classroom.

Math

- ⇒ **3rd and 4th:** Students are working on their end of the year projects of Designing a Dream Home (3rd) or Designing a City (4th). These projects require a number of skills that the students have learned over the year. So far, I am very pleased with the creativity of their blueprints!
- ⇒ We are very pleased with the thoughtfulness and perseverance that students used while taking the ISATs. Kudos to all the 3rd and 4th graders! We will have a great party to celebrate!

"Education is the most powerful weapon which you can use to change the world."

-Nelson Mandela
