

Hello, my name is Maddalynn Starks. I am an Elementary Education student at the University of Idaho and so excited to student teach in the 2nd grade classroom here at Troy Elementary! This is my last semester as a University of Idaho undergraduate. In my spare time I love to read, and go running. I am also a Paralegal Specialist in the Idaho National Guard, where I have the opportunity to participate in training one weekend every month. I look forward to a great semester full of learning and working with your student!
